PROJECTS

MineChef (React / Redux / HTML5 / AWS / CSS3 / Python)

[Live Site](#) | [Github](#)

A solo fullstack minesweeper forum where users can upload a profile image and post about minesweeper.

- Devised three React functions to switch HTML class names and dynamically alter the displayed CSS to provide a smoother user experience.
- Integrated AWS image uploading to allow users to seamlessly select a profile picture from their computer.
- Created reusable Front-End code for users to submit posts in order to keep code clear, concise, and maintainable.

Gamestagram (React / Redux / HTML5 / AWS / CSS3 / JavaScript)

[Live Site](#) | [Github](#)

A group fullstack twitter clone for game image uploads which allows users to create accounts, post images, comment and upvote other posts, and follow other users.

- Created a schedule in a team of three full stack developers to prioritize key project features and ensure every member was contributing meaningfully and efficiently.
- Implemented likes feature allowing users to like and unlike posts via a fetch request to a Back-End api and dispatching to the Redux state in the Front-End
- United several functions in separate files into a single function in one file to accept a wider range of arguments and allow for easier future upgrades.

PacificPotion (Express / HTML5 / CSS3 / JavaScript / PUG)

[Live Site](#) | [Github](#)

A group fullstack DnD themed goodreads clone where users view, create, edit, or delete potions and comments.

- Developed the comments feature with fetch requests to the backend api and DOM manipulation, enabling users to view, create, update, and delete comments.
- Incorporated user authentication to determine when a user is authorized to interact with a given potion using express sessions.
- Created styling for the login and sign up pages to entice users to create accounts and interact with the website.

EXPERIENCE

Dunkin Donuts, *Cashier* Lincroft, NJ

Aug 2019 - Feb 2020

- Prepared coffees, took orders, used the grill, cleaned the floors, and restocked items.
- Arrived early to open the store and late to close the store.
- Collaborated with coworkers by looking at the progress of their tasks and helping when needed to efficiently process the lively influx of orders.

Prodigy Chess Camp, *Assistant* Morganville, NJ

Aug 2014- Aug 2017

- Dedicated more than 100 hours of volunteer work teaching chess to underprivileged children over the summers..
- Mentored dozens people who went on to play in rated tournaments by patiently breaking down high level concepts into practical plans.
- Deepened the childrens' curiosity for chess by demonstrating the range self expression present in different styles of play.

EDUCATION

App Academy New York, NY

Aug 2021 - Feb 2022

- Rigorous 1000-hour software development course with a <3% acceptance rate.

- Sharpened my skills with Javascript and Python through lectures and four full stack projects.
- Practiced pair programming with more than 50 other developers.

Brookdale Community College Lincroft, NJ

July 2019 - July 2021

- Attained an Associate of Science from Brookdale community college as an electrical engineering major.
- Demonstrated discipline with a GPA of 3.74/4.00
- Accepted into Rutgers University as an electrical engineering major, but declined, instead training at app academy.
